

Brushes are required for the good appearance of anyone, and in many ways they are important for our health, and being necessary for the care of the teeth, the skin, your clothes and hair. No one likes to use poor brushes.

They are annoying and do not give good service and are really expensive because they do not last.

Our first consideration in selling you a brush is to give you the most service for your money. This is more important to us than the profit we make and more important to you than the price you pay.

COLUMBUS DAY IN BRYAN

Preparations Almost Complete for the Great Pageant Next Thursday.

The celebration of Columbus Day next Thursday will be a historic event all over the United States. Plans for the day in Bryan are upon a most elaborate scale and the parade will be one of the greatest and most interesting from a historically educational viewpoint that has been seen in Bryan in many years. The A. & M. college band has been secured to head the column, a battery of artillery will fire the salute and an exact reproduction of the flagship of Christopher Columbus' fleet will be a unique feature of the event. The entire program, including the line of march, will appear in these columns Tuesday afternoon.

The arrangements, so far as perfected, are as follows:

The sheriff and city marshal, with their deputies and the marshals of divisions, will report to Lieutenant Penton on the west side of the courthouse square at 9:30 o'clock Thursday morning for assignment. All autos will assemble on the west side of the courthouse square. Autos with families will be assigned to places in the parade.

The school board, the city council, the county officials, state officials, clergymen and others who have accepted invitations will be assigned to their proper places. Gen. H. B. Stoddard has been appointed by the Italian ambassador at Washington to represent the Italian government in the celebration.

The Italian societies of Brazos county are very grateful to the numerous citizens who have tendered their autos for the occasion. It is hoped that all citizens will assist in making this occasion something that not only the Italians but all other citizens will be proud of.

The school children will have an opportunity to witness the pageant from some advantageous point, to be selected later.

Nutriline Milling Co., Ltd., Crowley, La.—Gentlemen: We have been using your Nutriline feed for some time with perfectly satisfactory results. We hesitated to buy the feed for a time, because our experience with mixed feed was far from encouraging. We are glad, however, that we did try it, for we have never fed anything which has brought our stock up to such a good standard and kept them there. We are ordering out another shipment today. Yours truly, Shinner Transfer Co., Atlanta, Ga. For sale by Vick Bros. exclusively.

A Wise Old Owl

Said Shiftless Sam: "It is easy enough to make money if you have money to make it with. I see chances every day to make money if I only had a little stake to start with, but a fellow that has no capital doesn't have a fair shake in this world."

Said the Wise Old Owl: "You never will have a stake until you start. Stop your spending and try saving. Pinch out a little of your earning and start a bank account, no matter how small. Add to it. The longer you put it off the longer opportunity will give you the cold shoulder." Which one was right, Sam or the Owl?

ANOTHER NEGRO KILLED

The Brazos Bottom on the Burleson County Side the Scene of the Trouble.

Two negroes from the Brazos bottom on the Burleson county side came to Bryan late yesterday afternoon after a coffin for a negro man who was shot and killed during the day yesterday.

The trouble occurred near the home of Joe Laws, colored, and Jim Stewart was the negro killed and Will Benson his alleged slayer. According to the negroes who came in for the coffin, Stewart had been on the warpath all the morning and had had trouble with two women, beating them up fearfully. He then went to where Benson was and in the difficulty which followed the latter shot and killed him. A six-shooter was the weapon used, the ball passing through his heart, killing him instantly.

Benson was arrested by Deputy H. H. Hodges and held until Sheriff Henslee arrived from Caldwell and took him to jail.
